

ALIVE CHURCH HERITAGE

HELLO FROM ALIVE CHURCH

THIS CHURCH HAS BEEN HERE FOR A VERY LONG TIME AND THE BUILDING IS IMPORTANT IN THE HISTORY OF LINCOLN.

WHEN IT WAS BUILT IN 1840:

A new steamboat had been launched on the River Witham but they were waiting for the new railway, gas lights and horse drawn trams.

Lots of exciting ways have been thought of to raise money to pay for the repairs of the church - Grand Fairs and Bazaars, selling hymns and cake sales!

We hope this leaflet inspires you to take a look at the website, go on the virtual tour and maybe to come and see us one day.
